This Paper is intended to be devoted exclusively to the interests of those who order their Cards printed at the New-York Card Factory Press, for cheapest printed Cards, (Office No. 133 Fulton-street, New-York,) and in this respect differs in its character from every other publication The Proprietor of this Establishment would make use of

The Proprietor of this Establishment would make use of this means to express his thanks for the very liberal encouragement he has received in the several cities of New York, Philadelphia, Baltimore and Boston, and notwithstanding the precarious times, untoward circumstances and unyielding opposition he has experienced, he is determined more effectually than ever to promote the interests of his customers by this novel and gratuitous undertaking.

The New-York Card and Advertiser is offered to the Commercial and Professional Community, not only as the The New-York Card and Advertiser is offered to the Commercial and Professional Community, not only as the cheapest and best vehicle for advertising in the world, but also as an important inducement to the Public to patronize the Card Factery Press for cheapest printed Cards, being the establishment among the first which originally reduced the price for printed Cards to its present standard, and which, if well supported, will most effectually establish the present very low rates and prevent every species of misrepresentation, deceit and fraud, to enhance the price and will the public.

The Proprietor proposes to publish not less than One Hundred Thousand copies of the Card, of which each person or firm who orders their Card printed as above, will be entitled to one Copy, and the remainder will be distributed throughout the United States in the following manner: To Hotels, Boarding-Houses, Steamboats, Railroad Cars, and public large. public places of resort, altogether gratitiously.* Exclusive of the copy of the Card to which our friends are entitled in consequence of their orders, a proportionate number of insertions will be included according to the following table:

One insertion for any number of Cards ordered less than

Two insertions for 500 Cards, or any number ordered less than 1,000; and Four insertions for 1,000 Cards, or any

larger number.

The Paper will be published weekly, and thus the com bined attractions of this novel, gratuitous, and popular Work, will be positively unequalled. In fact, to all who have our Commercial and Professional interests at heart, who love to see the Country and its People excel all others, it affords an opportunity for public notoriety through the tendency of your patronage, unprecedented in the annals of publication. publication.

To our friends who do not use Cards, and who would

To our friends who do not use Cards, and who would wish to advertise with us, our terms for each advertisement of Ten lines or less, (over six) first insertion, are 25 cents; and for each subsequent insertion, [12] cents; and for four insertions, or one month, 50 cents.

Longer advertisements at equally favorable rates.

Persons wishing to avail themselves of the Post-office regulations in regard to Newspapers, can be supplied with any number of copies at 50 cents per 100.

At this particular period, when the minds and attentions of almost very one are significances, and indiciously de-

of almost every one are simultaneously had judiciously devoted to the improvement and advancement of our Commercial and Professional interests—at this period, when our whole community are acutely sensible to the real and inwhole community are acquely sensible to the real and in-trinsic interests of this grand and vast Country, the Proprie-tor would conclude that the success of this Work can but be viewed with a degree of interest commensurate with its importance. At a period when so many exciting bubbles have burst, and unprofitable and visionary speculations have ruined numerous of our worthy citizens and their families—at a period when it has been satisfactorily ascertained that the true riches of a Country are in her internal resources, and her bappiness and proprierity wholly vested in the doand her industry of her sons—none can possibly feel indifferent to the Commercial and Professional interests of our happy land, in which her paramount strength and aggran dizement are centered, blessed as she is with a delightful climate, a vast territory of rich soil, and an active, enlight-

ened and enterprising race of sien.

regular brokerage, and the purchaser will by attending to

The numerous kinds of stock affered in this market that
are not quoted on the books of the brokers, and therefore

TTO THE PUBLIC .- Caution .- There is an article called 'Kolmstock's Vermifuge lately put in circulation by the house of Comstock & Co. No. 71 Maiden lane. New York City, which is well calculated to mislead the unwary. The medicine so called, is put up in nearly the same style of bottles, wrappers, &c. as that of the Vermifuge prepared by us, and upon the outer wrapper it is asserted to be the "same as Fahaestock's". It has also been stated in the advertisements of the spurious article in the New-York Journal of Commerce, that "Fahnestock's is supposed to be the same article."

Our Vermifuge has been very extensively known through-

the same article."

Our Vermfluge has been very extensively known throughout the Western Country formore than ten years past and owing to its intrinsic worth has gained an enviable reputation, which the makers of Kolmstock' Vermifuge are seeking to profit by in calling their? the some.

We most positively declare their statement to be facorated for none heide correlyes are or can be acquainted.

We most positively declare their statement to be incorrect for none beside curselves are, or can be, acquainted with the ingredents which compose the genuine "Faintstack's Vernifuge," unless indeed our Vernifuge has been transferred into bottles marked Kolmstock, which may have been done to some extent to give it a character, as Meisrs. Comstock & Co. have within a year past purchased of us upwards of o e hundred of the genuine article.

It is to be hoped that a discerning public will frown upon such mean attempts to profit by the well-earned reputation of our valuable medicine.
